1. The minutes of the 50th meeting were approved as written.
2. The Chairman suggested that the discussion cover the staff studies and covering memo concerned with NSC Action 1910, dated 15 May 1958 (NSC-169 rescinded) and its relation to the Agency and IOTAC. He indicated that the primary concern was to determine what should be the mission, function and role of IOTAC under NSC-1910.
3. The papers (a) covering letter to DD's, (b) Staff Study on Agency Responsibilities, (c) Staff Study on IOTAC, and (d) IOTAC Revised Charter were discussed. The Chairman asked for suggestions for each.
4. In the covering letter to the DD's, [redacted] suggested 25X1A9a inserting a paragraph giving a more general reason for the continuance of IOTAC. He pointed out that since several elements of CIA continue to have interests and responsibilities in the field of electromagnetic communications, IOTAC was not only necessary under NSC-169 but almost mandatory under NSC-1910. The paragraph was accepted by the Committee and will be inserted in the final draft of the letter.
5. In Staff Study on Agency Responsibilities -- In paragraph 8, the final sentence was deleted on the suggestion that such a conclusion was not in order under the heading "Discussion". The last phrase in paragraph 10 was
